Department of Agrobiotechnology (IFA-Tulln)

Mycotoxin Summer Talks 2018

The conference aims to address hot topics in the mycotoxin area and to facilitate new interactions among members of the mycotoxin community, with a special focus on Austria. The Mycotoxins Summer Talks 2018 will be held in cooperation with the EC project **MultiCoop** - Multidisciplinary approach to strengthen cooperation and establish a novel platform for comprehensive assessment of food and feed safety. A satellite MultiCoop integration workshop on chemical contaminants takes place already on July 05th. The Summer Talks are embedded in the **Mycotoxin Summer Academy**, a two-week postgraduate course on mycotoxins.

Venue & Accommodation

The talks will be held at the **Peter-Ruckenbauer lecture hall of the IFA-Tulln** of the University of Natural Resources and Life Sciences, Vienna (BOKU), in Tulln, Austria. The Campus Tulln is a world class facility in the area of mycotoxin research with more than 150 highly qualified staff working on this topic.

Friday 06.07.2018 08:30 - 16:00

Internationally renowned experts will provide **keynote presentations** followed by **contributed papers**:

- Welcome and introduction:
R. Krska, BOKU/IFA-Tulln
F. Berthiller, BOKU/IFA-Tulln
- Key note speakers:
H. van Egmond, Wageningen, NL (retired)
J. Hajšlová, UCT Prague, CZ
J. Meneely, Queens University Belfast, UK
S. Uhlig, Norwegian Veterinary Institute, NO
- Contributed oral presentations
- Poster presentations
- Conference Dinner already on July 05th together with the Academy Dinner sponsored by Erber AG
